

Details on Downloading Sermons

1. Understanding the terms used

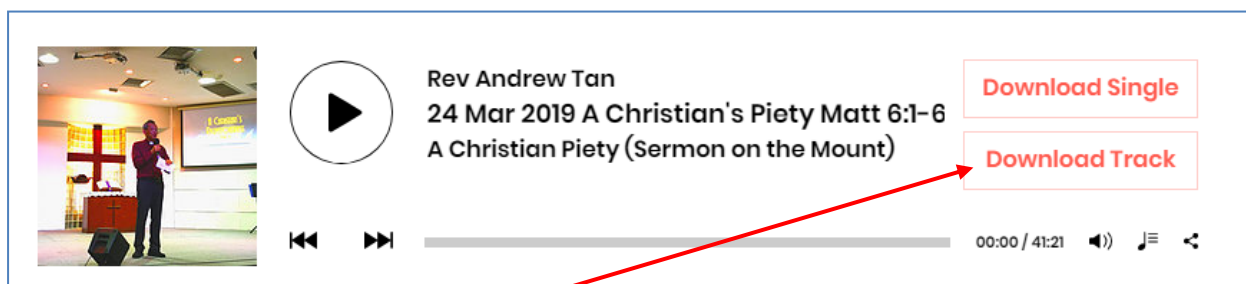

- We are using the website's function for selling music albums and singles, and are unable to change the terms used by this functionality.
- A music ALBUM will contain many Song TRACKS
- A music SINGLE usually have one or two Song TRACKS
- We are making the Bulletin of the week available with the Sermon by packing the Sermon and the Bulletin into a Single

2. To play directly from the website

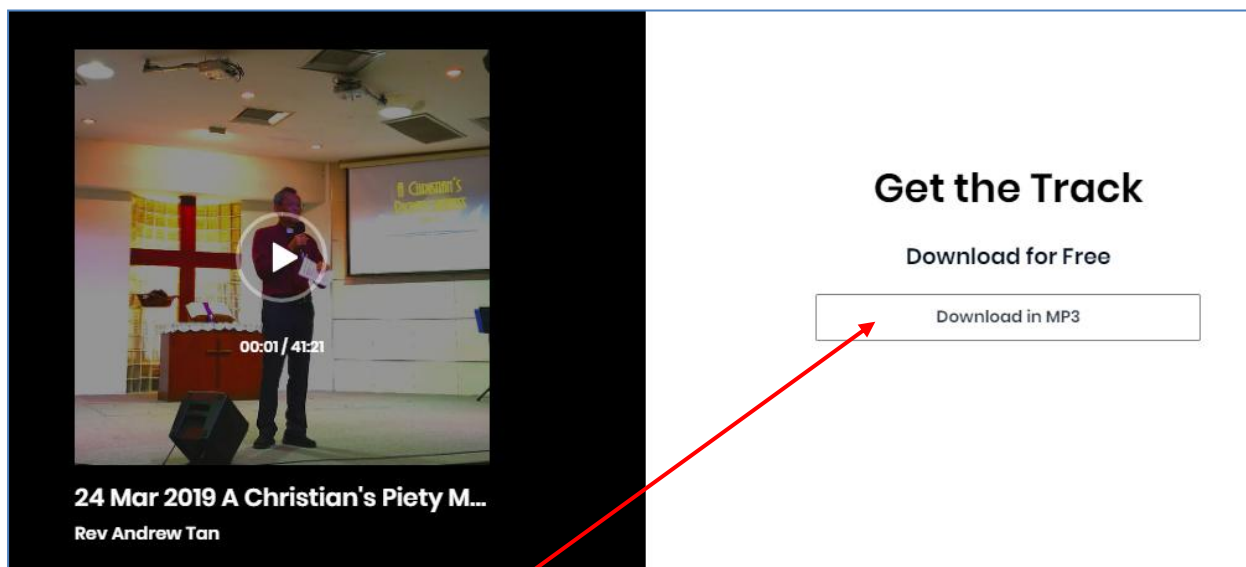

- Click on the Play button
- Click on the same place to pause/play
- You can adjust the volume here

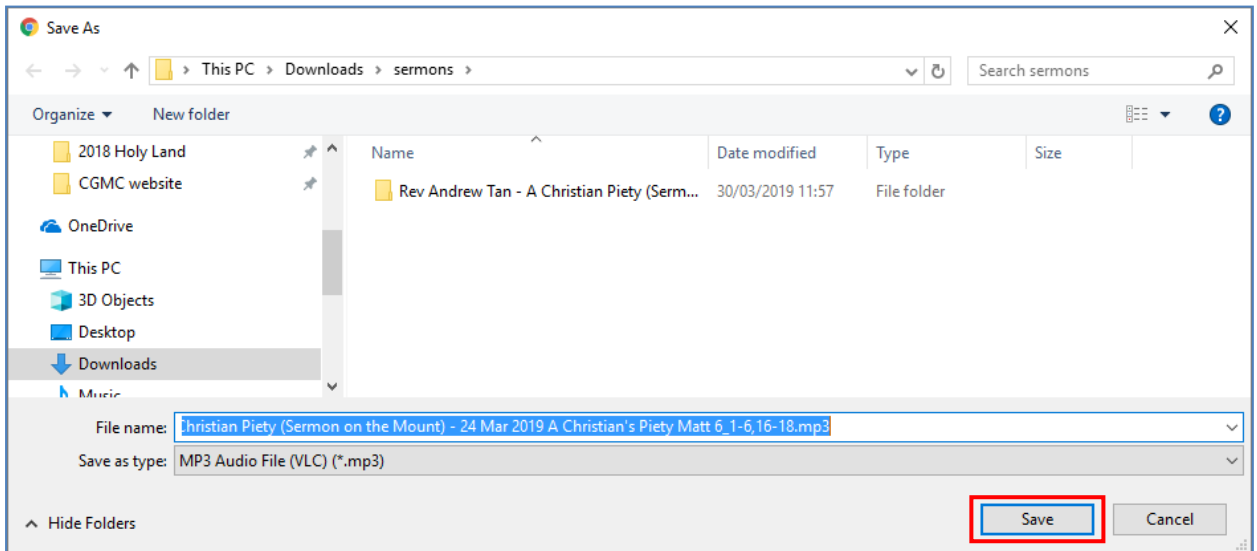

3. To download only the Sermon

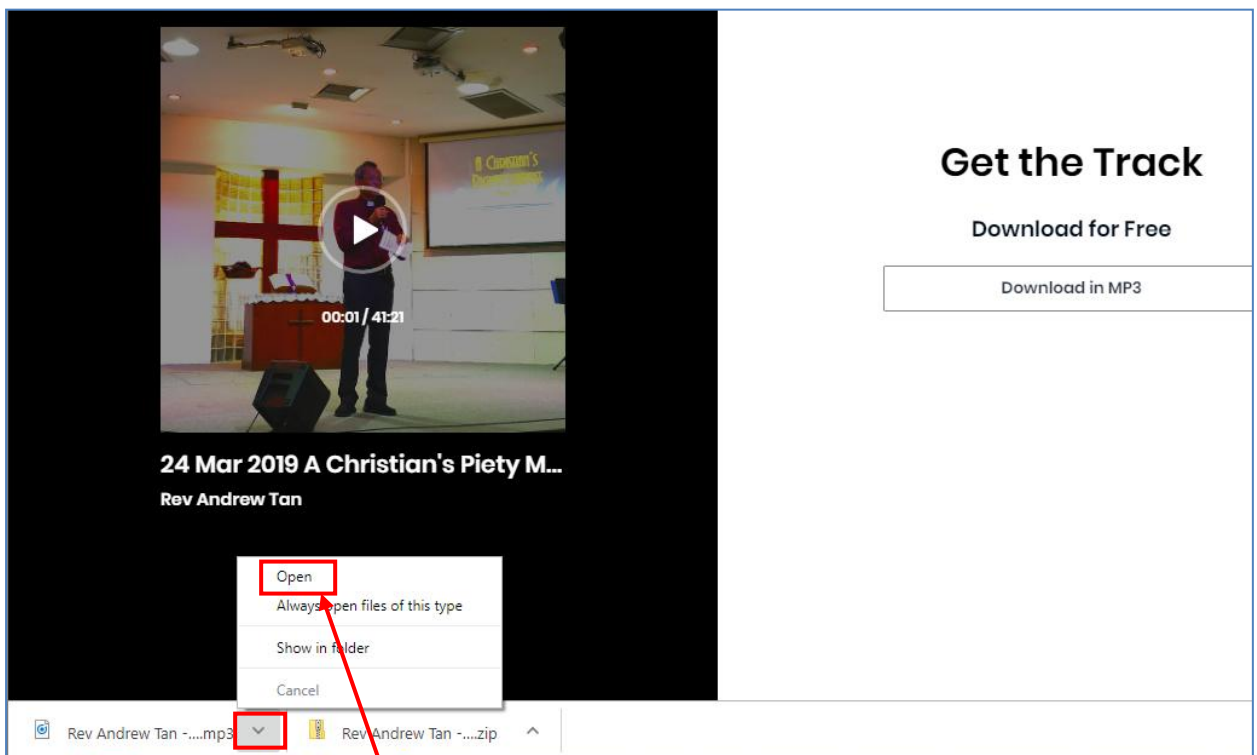

- Click the Download Track button

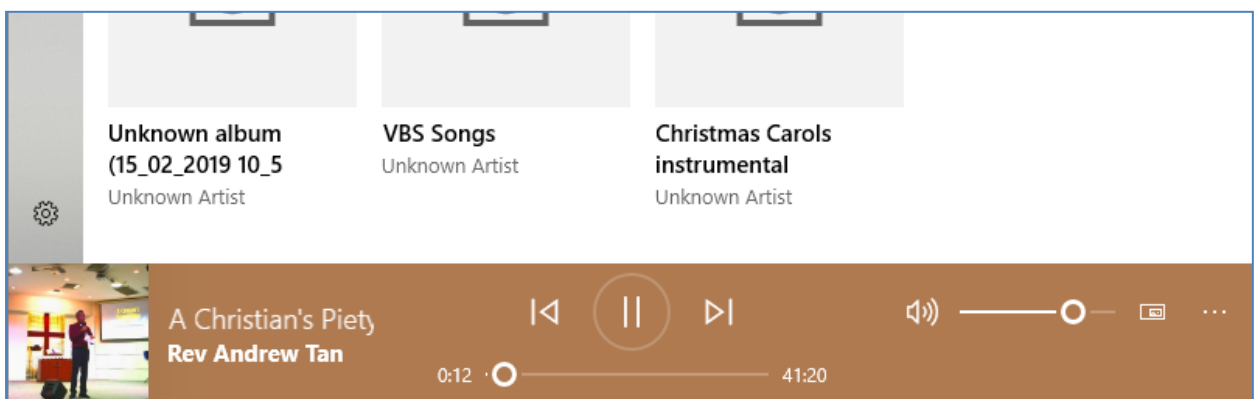

- Click the "Download in MP3" button

- Save the mp3 sermon file (in the folder of your choice)

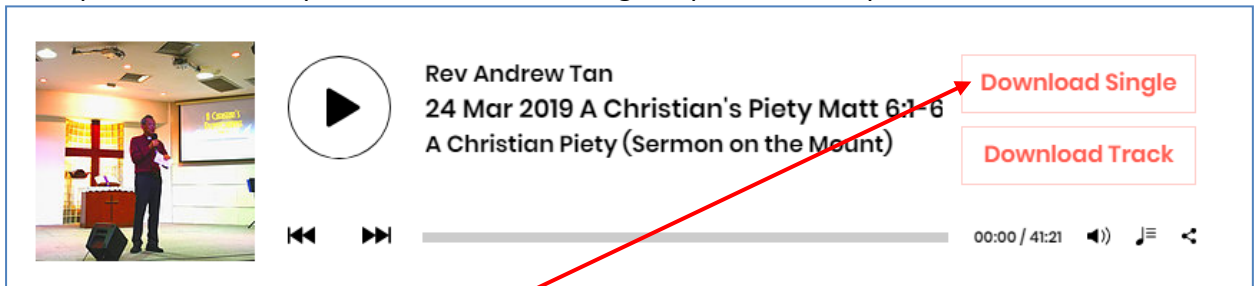

- Click the “ ^ ” symbol, then Open to play the sermon

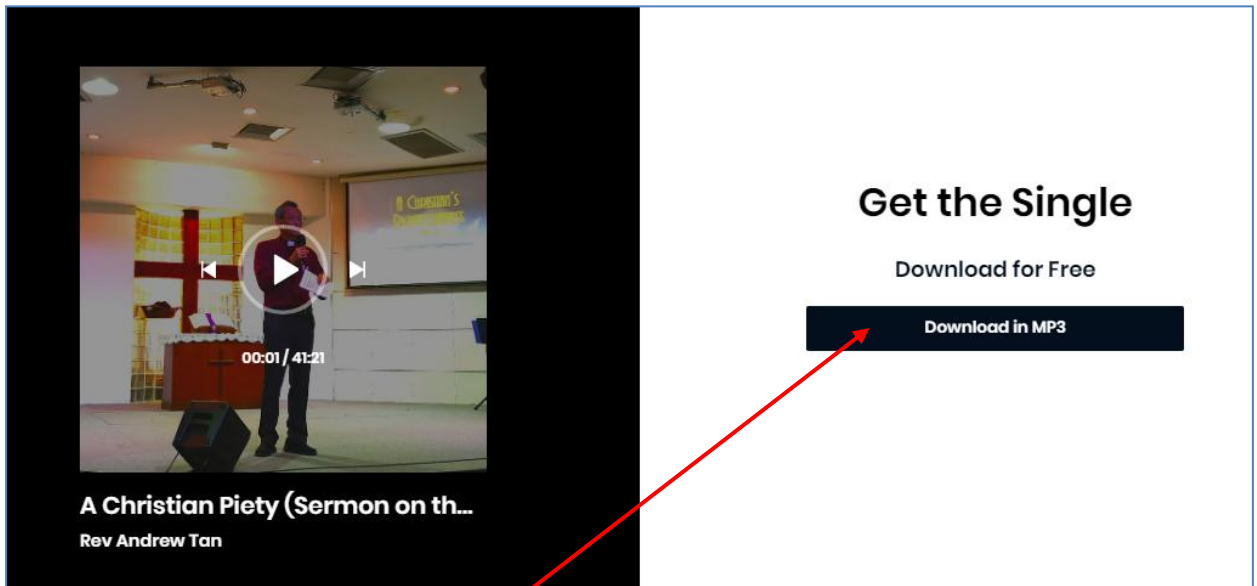

- The sermon will be played using your default Music Player

4. To download Sermon and Bulletin

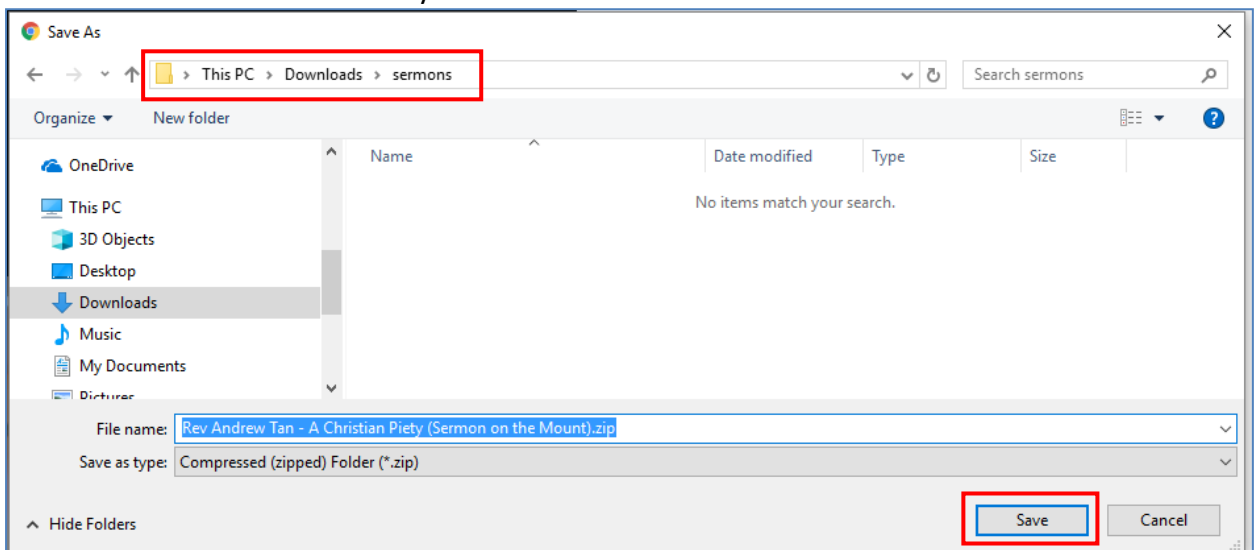

- This option is a bit complicated because the Single is packed in a Zip file

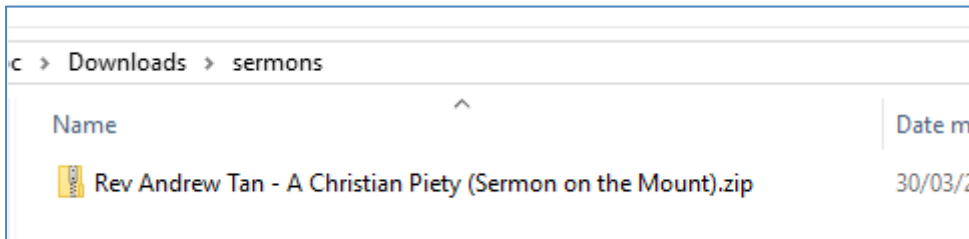

- Click on the Download Single button

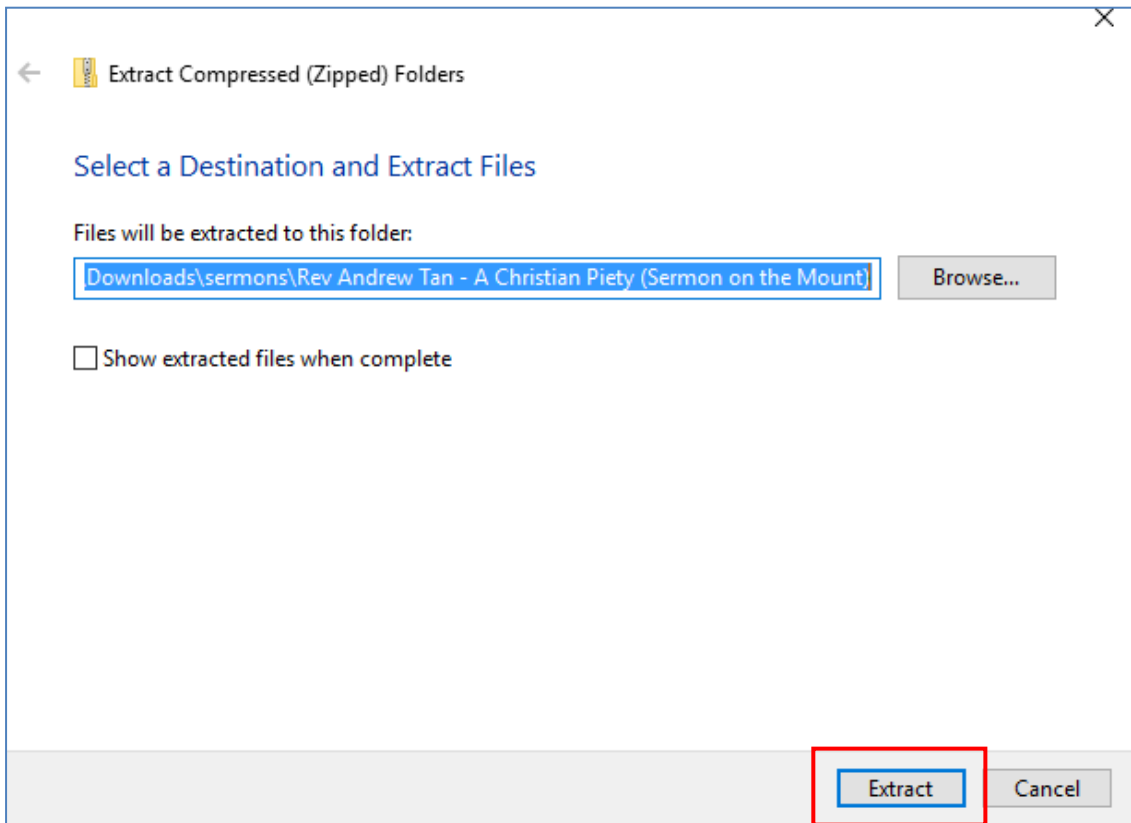

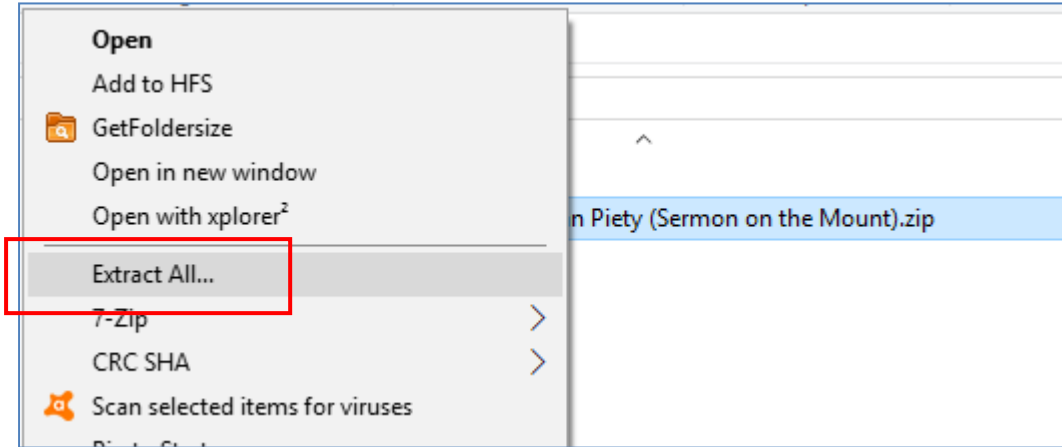

- Click on the Download in MP3 button
- Save the ZIP file in the folder of your choice

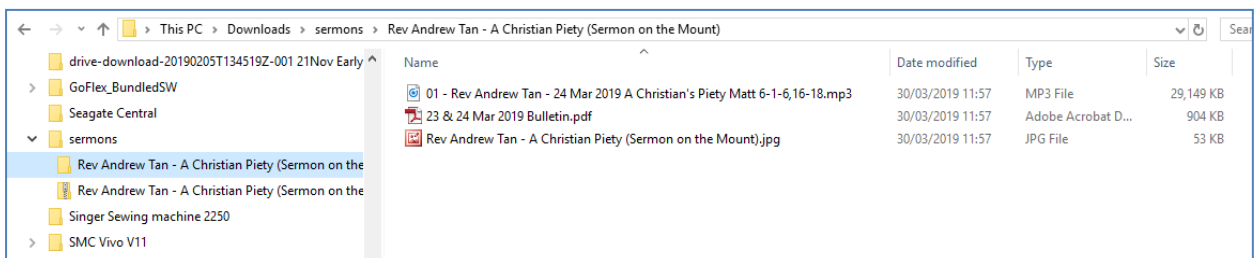

- You will need to have installed a Zip/Unzip tool to open this file

- Go to the folder where the zip file was saved, and either open it or Extract files from it

- Extracting contents of a Zipped file

- The sermon(mp3), bulletin(pdf), and picture of the preacher(jpg) are now ready for use
